

Tuesday 19th September 2023

Dear Families

The trustees and I would like to thank you very much for all your support over the past year, which has been a challenging one for everyone.

To support the schools financially, it has been suggested that just like in some secondary schools, families might like to make a termly **voluntary** contribution to assist schools with purchasing resources for curriculum subjects such as art, design & technology, science and music. Therefore from next week, schools will be setting this up on their online payment systems.

Any contribution will be gratefully received, but at present we are suggesting families have the **voluntary** option to contribute £10 per term per child although of course this could be less or indeed more if you feel you are able to do this. Whatever you are able to contribute will make a big difference to the curriculum opportunities that we are able to provide.

I would like to reiterate that this is completely **voluntary** and there is no obligation to make contributions.

Thank you again for your continued support

Joseph Figg
CEO
