Times Tables at Maltese Road

In England, children will be expected to know the following in each year at primary school:

- Year 1: count in multiples of 2, 5 and 10. Recall and use all doubles to 10 and corresponding halves.
- Year 2: be able to remember and use multiplication and division facts for the 2, 5 and 10 multiplication tables, including recognising odd and even numbers.
- Year 3: be able to remember and use multiplication and division facts for the 3, 4 and 8 multiplication tables, including recognising odd and even numbers.
- Year 4: be able to remember and use multiplication and division facts for the multiplication tables up to 12 x 12.
- Year 5: revision of all multiplication and division facts for the multiplication tables up to 12 x 12.
- Year 6: revision of all multiplication and division facts for the multiplication tables up to 12 x 12.

Learn – learn the timestables up to 12x12 and their linked division facts

Play – practice x tables in different colour levels

Test – once a week in school (scores not counted at home for test level) 40 questions in 3 minutes. Certificates for full marks and then children move up.

Blue level = 2,5,10 Green levels = 3,4,8 Red levels = 6,7,9,11,12

TT Rock Stars https://ttrockstars.com/

Single player modes:

Jamming mode – children can choose their x tables to practise and earn coins

Studio mode – children can gain a Rockstar status dependant on the speed in which they answer questions

Garage mode – children are given 2,5,10s to begin with and as they achieve these, more tables are then released in a progressive order. From this a heatmap is produced to show areas of strength and areas to work on

Sound check – beat the clock (set up like the Y4 multiplication check 25 questions, 6 seconds for each up to 12x12)

Multiplayer modes – play against other children in the class/school or world!
